

# Shottisham Village Newsletter

Dear Friends,

Well! That's Christmas over for another year! Or is it? Many Christmas decorations have been up for a month already and may be looking a bit tired. The days are already lengthening and it feels like time to move on into a new year and a fresh start. Yet the '12 days of Christmas' don't end until January 6<sup>th</sup> and the practice of celebrating the coming of Jesus Christ – 'God with us' ('Emmanuel' means 'God with us') right up until the beginning of February, is growing in popularity. Just as God came alongside us at Christmas time, God is with us too in this New Year with all its hopes and dreams and anxieties. Your parish church is always there for you too. If you came to a Christmas service in one of our parish churches, you may have found a card showing this 'word cloud'. It illustrates some of the many activities which the church in Suffolk is involved in. You might like to count how many you are aware of taking place in the villages of this area\*. If there's one (or more!) that you'd like to know more about, please get in touch with me or any of the people listed under 'Church Contacts'. Wishing you a blessed New Year,

*Ruth Hatfield*

\*No fewer than 26 of these activities take place within our 'cluster' of seven parishes and there are others that aren't mentioned!

## Gardening gems from Ivan

It's the season to be silly, so here are a few offerings.

Once in Royal Shottisham City stood a lonely allotment shed, with no windows, a green door and a double bed.

Gardeners on their plots abiding, but it's too cold, too wet or too windy, so home we go to sit by a warming fire.

While gardeners watched their crops by night, all seated by the shed, a glass in one hand, a minced pie in the other and a hat upon their head. Good King Have-a-Bash looked out on the feast of Derek, when the weeds grew round about thick and green and even bigger than they were last year. Hark the Herald Angels Sing Glory to the season ahead of us. Fortify yourselves ready for the big push in February, when Mother Nature properly stirs and things begin to happen above and below ground. But rest assured Mother Nature will be in charge of events, so we must do what needs to be done when energy and conditions permit. A happy, healthy and horticulturally rewarding 2018 to everyone.
