Dear Friends

There may still be places available our 'mini-pilgrimage' to our cathedral in Bury St Edmunds on Sunday 2<sup>nd</sup> June. We will share car transport to Bury St Edmunds in time to arrive at the cathedral for 2pm. We will be guided on a gentle reflective tour of the cathedral and then join the congregation for choral evensong. Afterwards there will be refreshments provided by the Friends of the cathedral. There is no charge. Contact me (01394 412053) or Judy Foulger (judyfoulger@btinternet.com) for further details and/or to book.

Do you remember the motto 'Live simply that others may simply live'? The second 'intention' from my study leave last summer was 'Live simply'. Our attention has been drawn recently to damage we humans are causing to our planet – plastic pollution, climate change and the decline in bio-diversity. UK attitudes and behaviours are changing. Single-use plastics are now often unacceptable; 16 year old Greta Thunberg recently spoke to Parliament; Extinction Rebellion's cause (if not method) was widely supported and for the first time since 1882, the UK went a whole week without generating electricity from coal. We can all play our part – not least by reducing our consumption and waste rather than necessarily seeking 'greener' alternatives.

One of the world-wide Christian church's 'marks of mission' is to safeguard the integrity of creation. We believe that humankind has been given the responsibility of caring for the world which God created. The churches of this area are committed to doing as much as we can to reflect that belief in the way we live our lives and maintain our church buildings and churchyards. Several local churches are currently applying for Eco-Church accreditation and, at a special service on 30<sup>th</sup> June at Boyton (10am) we hope to promote this further and present at least one parish with their Eco-Church certificate. Do join us to find out more.

Wishing you every blessing *Ruth Hatchett*
